

## CALL FOR PAPERS

We are pleased to announce that the 2025 Annual Job Market Conference of the Association for the Development of Research in Economics and Statistics (ADRES) is organized by the BETA (Bureau d'Economie Théorique et Appliquée) at University of Strasbourg in January 29–31, 2025.

The conference aims at stimulating exchanges between young economists, such as PhD students and post-doctoral researchers, and experienced researchers, to discuss scientific contributions and make contacts in view of future academic positions. The conference will include two plenary sessions with invited keynote speakers, a roundtable on the French job market, and about 50 contributed papers by PhD/post-doctoral students.

## KEYNOTE SPEAKERS

**Paula Gobbi**, Université Libre de Bruxelles

**Clemens Puppe**, Karlsruhe Institute of Technology

## SUBMISSIONS

The conference is intended for Economics, Econometrics or Finance PhD candidates or young post-doctoral researchers applying for a position in France/Europe.

**This year, submissions from management PhD candidates are also encouraged.**

## JOB MARKET

Office space will be made available to senior researchers wanting to hold job-market interviews during the conference. Universities and other hiring institutions can post job-market announcements on the conference website, and we will provide them with access to candidates' CVs.

Online submissions of full papers: <https://adres2025.sciencesconf.org>
